A Poem for Skye

by Laramie Crocker

*Fear not my Skye
Fear not my love
For the stars are thine eyes
And the Moon is thy sleep
Thy breath is the Sun*

*You have taught me
With your little life
That I am a dipper
I pour my love onto you
Till I am empty
And when I return
To Love's deep blue pool
To refill
The pool is not dropped
The pool is not lessened
But awaits for me to refill
With love for you
Again
Again
And again*

A Poem for Skye

by Erin Treat

*You were only here a short time
But in that time you touched our lives
With your chubby little cheeks
And your little bow lips
We fell in love with you in an instant*

*You were perhaps an angel
Sent from the heavens
To bring us peace and give us joy
While you were here you gave more than just that
You gave us a new kind of love you could only bring*

*Even though you are gone
You are not forgotten
We still feel the love you gave to us all
Forever the memories of you stay in our hearts
And we hope you never forget how much you were loved*

*Skye, you are now with all the other angels that have come and gone
And will fly through the heavens at ease
Whenever we're outside and feel the wind in our face
We'll know that it's you sending us love
And letting us know you are our little angel watching over us always*

Skye's Legacy

by Lisa and Jeff Boissier

*As we say goodbye, let's make a promise to Skye:
that she is not leaving only pain and sadness behind her.*

*Let's remember her sleepy eyes and her tiny fingers,
and let them guide us to a place where we love each
other as unconditionally as she loved us.*

*Let's promise to trust each other completely, as Skye trusted
us to love and hold her.*

*If we make this promise,
If we keep this promise,
then this is how Skye will have changed the world.*

Togetherness

Death is nothing at all - I have only slipped way into the next room. Whatever we were to each, that we are still. Call me by my old familiar name, speak to me in the easy way which you always used. Laugh as we always laughed at the little jokes we enjoyed together. Play, smile, think of me, pray for me. Let my name be the household word that it always was. Let it be spoken without effort. Life means all that it ever meant. It is the same as it ever was; there is absolute unbroken continuity. Why should I be out of your mind because I am out of your sight? I am but waiting for you, for an interval, somewhere very near just around the corner. All is well. Nothing is past; nothing is lost. One brief moment and all will be as it was before - only better, infinitely happier and for ever - we will all be one together with Christ.
